Using MyChartCentral

After you’ve signed up, you can access MyChartCentral by going to mychartcentral.com or by logging in to your Cleveland Clinic MyChart account and clicking MyChart Central / Lucy located within the Health section of the top menu bar.

Step 1
- In MyChartCentral, click any of the organization logos to access your MyChart account at that organization.

Step 2
- To add a healthcare organization to MyChartCentral:
  - Click Add a New Healthcare Organization.
  - Select from those available in the drop-down list.
  - Enter your MyChart username and password for your account at that organization.
  - Click Link This Chart.
Step 1
• To access Lucy, located within the top menu bar, click Health, then click MyChart Central / Lucy.

Step 2
• Review all of your MyChart medical information from all of your healthcare organizations.
Step 3

- To add new health information for your personal use, click **Edit My Personal Health Record**.
  - Click the button for the area you wish to edit (for example, **Add a New Medication**).
  - Complete the details as required.
  - Click **Save**.

This information will become available to your healthcare team at Cleveland Clinic within your electronic medical record.

Your healthcare team will then be able to discuss these changes with you and make updates, if necessary, to your electronic medical record at your next appointment.

Please note that this tool is intended for communicating new information to your health care team. To formally request a correction or “amendment” of your medical record, please complete the Request for Amendment of Health Information form, which can be downloaded [here](#).

If you do not want to share this information with Cleveland Clinic, click the link that says, “Who can my healthcare providers see?” and click the **Don’t Share** button.
Using Lucy – My Medical Documents

Step 1

• To download a copy of your MyChart medical information, click **Get a Copy of My Chart** for the selected organization.
  - Click the **Patient Health Summary** link to view the document.

Step 2

• To add a medical document from your computer, click **Add a Document from My Computer**.
  - Click **Choose Files** to access your computer files.
  - Select the document and click **Open**.
  - Click **Next**.
  - Click **Save**, then **Next**.
  - Click **Save These Documents!**
  - Click on the document link to view the file.
